When several days had passed, she again appeared unto him, stating that her incantations would not work, and assigning as a reason that he failed to deposit all of his money in the hiding-place, as stipulated. He then it was on account of it being so near failed account of the purpose of giving it character abroad, for at home they seemed to be

To flatter a person adroitly, one mus know three things-what they are, what they think they are, and what they want other people to think they are.

the time that I might be too early, and the tortillas and frijoles would get cold. But now they will be a dinner fit for a governor.

"How is it that you are so early to day, Manuelito ?" asked the female, who watched him with an affectionate smile, while he was thus satisfactorily engaged.

"Because, my little heart," replied the young man, " there is to be another blast to-day; and the administrador wishes to have it fired while the men are at dinner.' The smile instantly disappeared from Margarita's face.

"Santa Maria !" she exclaimed. "another blast! Oh, Manuel, how long do you mean to continue in this dreadful duty ?"

"Until I can find a better, my life," replied the miner gayly. "Would wou have me go back to my old employment of barretero-of simple miner-at six dollars a week, when here as pegador, as the sole and trusted matchlighter, I am earning sixteen ?"

" Alas !" returned Margarita, "of what use will the money be, if it happen to you as to Pedro Bravo, only three months ago? Ah, I think I see the mangled body, as it was carried by our cottage, with poor Inc-sita crying over it. And then, there is Juan Valdez.stone-blind now for five years. And old Anton, a cripple from his youth. Of what advantage was their high wages to them ?"

"None, sweetheart," replied Manuel, because what they won by boldness and skill they lost by carelessness. If a man will persist in firing matches when his brain is muddled with aquardiente, he must expect to suffer for it. However, I shall not be a pegador always. In good time, if it please San Francisco, I shall be captain of a mine.

Gomez-Don Miguel, forsooth, as he must be called now! And yet I remember him when he was only a poor bu con-a common mine hunter, and always in debt to my father for aguardiente and tobacco. Yet because he happened to light on a good vein, and sold it to the English company for ten thousand dollars, and was made overseer, he thinks himself now a great gentleman, and that everybody must give way to him."

"Poor Don Miguel!" said the miner laughing. "You are too hard upon our administrador, Margarita. First, you refuse his hand and heart, not to speak of his dollars; and then you abuse him behind his back" However, I think his time is up. The English director, Don Jayme, came this morning from Mexico and seems very much dissatisfied with the working of the mine. It is whispered among the men that the overscer is certain to lose his place."

the further extremity. The recollection of this discovery now occurred to Manuel's mind, and seemed to offer him a chance of escape. Looking eagerly around, he ob-served the opening about three feet above his head; and gaining it by a desperate spring, he drew himself up by the hands, served the opening about three feet above his head; and gaining it by a desperate spring, he drew himself up by the hands, served the opening about three feet above his head; and gaining it by a desperate spring, he drew himself up by the hands, served the opening about three feet above his head; and gaining it by a desperate spring, he drew himself up by the hands, served the opening about three feet above his head; and gaining it by a desperate spring, he drew himself up by the hands, served his opening he drew himself up by the hands, and made no reply. A gloomy silence ensued, which was at length broken by the function of the feet drew himself up by the hands, and made no reply the hands, served himself up by the hands, and made no reply the hands the dup of misthe further extremity. The recollection us, is it not true?"

and plunged into the passage. Urged by the dread of the coming explosion, he rushed eagerly onward, and just as the roar of the blast filled his ears he fell head-the dread of the coming explosion. He roar of the blast filled his ears he fell head-the dread of the blast filled his ears he fell head-the dread into your judge, but it is my duty to see that the matter under-goes strict investigation. Walkan, Proprietor. R. H. McDosalo & Co., Droggins en. Agents, San Francisco, Cal., and 34 Commerce street, N. MILLIONS Bear Testimony to their

Wonderful Curative Effects. They are not a vile Fancy Drink, Made of Paor tum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers,"&c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs f California, free from all Alcoholic Stimuants. They are the GREAT BLOOD PURI-FIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, parrying off all poisonous matter and restoring theblood a healthy condition No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral ison or other means, and the vital organs wasted evond the point of repair.

They are a Gentle Purgative as well as a Toulc, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflamnation of the Liver, and all the Visceral Organs. FOR FEMALE COMPLAINTS, in young c

old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Billous, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kid-neys and Bladder, these Batters have been most necessful. Such Diseases are caused by Vitinted Blood, which is generally produced by derangement

of the Digestive Organs. DYSPEPSIA OR INDIGESTION Headache, Pain in the Shoulders, Coughs, Tightness, ..., he Chest, Dizziness, Sour Eructations of the Stor Bad Taste in the Month, Bilious Attacks, Palnitation of the Heart. Inflammation of the Lungs, Pain in the regions of the Ridneys, and a hundred other painful sympoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unsqualled fficacy in cleansing the blood of all impurities, and in parting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Bolls, Caruncles, Ring-Worms, Scald Head, Sore Eyes, Erysipeiss, Itch, Scurfs, Discolorations of the Skin. Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their cura tive effects. tive effects.

Cleanse the Vitiated Blood whenever you find its im sortifies bursting through the skin in Pimples, Erup ions or Sores ; cleanse it when you find it obstructed and sluggish in the veins ; cleanse it when it is foul. and your feelings will tell you when. Keep the blood

pure, and the health of the system will follow. Pin. Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed

system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the carth whose body is exempt from the prosence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and alimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelminities will free the system from worus like these Bitters. WALKER, Proprietor. R. H. McDONALD & CO.
